

## Special equipment sheet 02 – screen heating, rear window wiper/front windscreen wiper/roof panel wiper

### Arrangement

- I Rear window heating
- II Windscreen wipers
- III Front/rear
- IV Roof

**Legend**

9E72	Rear screen heating, 101
9F72	15-A fuse for rear screen heating, 90
9F80	2-A fuse for windscreen wipers, general, 115
9F81	10-A fuse for wash pumps, 120
9F82	10-A fuse for front windscreen wiper, 88
9F83	10-A fuse for rear window wiper/roof panel wiper, 85
9K80	Relay for windscreen wiper, reversing signal, 107, 110
9M80	Front windscreen wiper motor, 115
9M81	Rear windscreen wiper motor, 119-123
9M82	Roof windscreen wiper motor, 127-130
9M83	Front/rear wash pump, 143-146
9M85	Roof wash pump, 150-152
9N80	Controller for windscreen wiper/rear screen heating, 96-135
	:5 - Roof panel wiper, continuous
	:6 - Roof panel wiper, intermittent
	:8 - Level II
	:9 - Level I
	:12 - U-/earth
	:14 - Reversing signal
	:15 - Wash-wipe run-on
	:17 - Wiper ON/OFF
	:18 - Rear screen heating
9S70	Rear screen heating push button, 96-100
9S80	Multifunction lever, 115-120
9S81	Switch for front windscreen wiper/rear window wiper, 124-127
9S82	Roof panel wiper switch, 132-138
9X15	21-pin connection assembly (transfer from basic equipment to special equipment), 107
9X71	2-pin connection assembly for rear screen heating, 101
9X80	5-pin connection assembly for front windscreen wiper, 111-114
9X81	4-pin connection assembly for rear window wiper, 120-122
9X82	4-pin connection assembly for rear window wiper, 120-122
9X83	4-pin connection assembly for roof panel wiper, 128, 130

**Wire colours**

BK	Black
BN	Brown
BU	Blue
GN	Green
GY	Grey
OG	Orange
RD	Red
VT	Violet
WH	White
YE	Yellow

The number in front of the wire colour refers to the wire cross-section

Wires with unspecified cross-section = 0.5 mm<sup>2</sup>

**Notes**

- (A) Voltage transformer, position 3
- (a) Combi-controller
